Commissioner for Patents

This is responsive to applicant's 25 May 2005 telephone inquiry, received after mailing of notice of allowance but before payment of issue fee.

Applicant indicates that the first-named inventor's name on the form PTOL-85, "John Handy Bosma", is incorrect, and that the name on the final issued US Patent should read "John Hans Handy Bosma", as the name is indicated in the original declaration. This letter is being entered into the record to show that the Examiner approves the change and provides an indication that it should be made.
